

HELP!

A small word that can mean a lot.

Have you, your class or your school been involved with helping individuals or organisations in the community over the past year?

If so, you or your school might be in the running to win an important

ACT Student Citizenship Award,

an annual recognition organised by the ACT Order of Australia Association.

So, **help** yourself and talk with your principal about entering. He/she should have access to a special information brochure.

But hurry! Entries close on the *last day of Term 3, September 30.*
